Performance Team Contract 2019

Students and parents must read through and sign the following agreement. Please read this contract carefully and sign before attending the first performance class. Please note that after signing and/or attending the first performance class, you agree and are bound to all terms and conditions outlined below.

QBSD teaching staff chooses students with careful consideration those that we feel are ready for exposure to a more focused training, and to work with like-minded individuals. Commitment is crucial for this program! Dancers and parents must prioritize dance over other extra curricular activities. Attendance is mandatory and if there are too many missed classes your placement in the program will have to be re-evaluated.

Performance class requires a higher degree of discipline and a much higher standard than regular classes at QBSD and students' behavioral expectations are very high both in and out of class. Please understand that this contract is binding and that students are required to commit to Performance Team classes for 10 months.

In performance classes, students make great friends, learn important teamwork and develop advanced techniques in various styles. You will see a dramatic improvement from these classes, and it is our aim to develop successful, confident and respectful children and young adults.

What is the Performance Team?

The performance team is an outlet for talented students that will help develop self-confidence and self-esteem, along with promoting discipline, time management and teamwork, and to be working collaboratively with like-minded individuals.

Students are invited annually to gain their place in the performance team, many of the students in the team may consider a career in the entertainment industry one of their options for future employment

What we will be doing.... fundraising show, local performance opportunities, festival which will include a group contemporary and jazz dance for each PT team, and QBSD Winter and June recitals.
